**Why the upgrade?**

The last time the park was upgraded was over 20 years ago. It is time for a renovation. While some of the current equipment is in good shape, much of this park needs work. It also does not provide much for younger kids.

The renovations will upgrade the current equipment while adding more fun for the younger kids as well as the older ones. A new base area for the playground will also be added.

**Financial Needs:**

In the effort to improve the existing equipment while adding new play structures it is estimated that \$50,000 will be needed to complete this project.

Any funds raised beyond the estimate will be used to add more equipment to the playground.

The Friends would like to raise funds by March 2021 so that equipment can be installed and enjoyed as soon as possible for next summer!
